

Living Side Seating

If you're looking for some comfort, luxury and style the Master Living fleet is for you.

When space and comfort is of utmost importance, the Rowville Living fleet stands out in the crowd. With loads of inclusions as standard the side seating configuration offers not only comfortable sleeping space but an intimate café style table and chairs.

The moving internal wall keeps things separate and clean, as well as offering the opportunity to open the float up further for extended space when required. A rainy-day dream come true! A home away from home, left packed and ready this one makes trips away with the horses a breeze.
